Live

The place

A tropical paradise paired with diverse wildlife and unique landscapes sits not far from the capital of the Northern Territory, Darwin.

This is known as the Top End Region which incorporates the north/north-east section of the Territory including the Adelaide River, Batchelor, West Daly, Tiwi Islands, and West Arnhem regions extending from Wagait in the north, to Wadeye in the west and Maningrida in the east. Close to 18,000 people live in the region.

Home to some of the oldest Aboriginal cultures in the world.

The region also boasts some of the best Barramundi fishing, hunting, and camping opportunities in the country.

250kms south of the capital you will find the World Heritage listed Kakadu National Park.

With Litchfield National Park just 115kms from the CBD. The national parks are home to an abundance

of flora and fauna paired with natural waterfalls with Kakadu well-known for its Aboriginal culture boasting rock art dating back 20,000 years. Mary River, Djukbinj and Coburg National Parks are also located within the Top End Region.

West Arnhem covers an area of almost 50,000 sqm encompassing five remote communities, including two islands and more than 100 homelands. The five communities include [Jabiru](#), [Gunbalanya](#), [Maningrida](#), [Waruwi](#) and [Minjilang](#) and are scattered across salt and fresh water. Over 6000 people reside in the West Arnhem region and more than 80 per cent population identify as Aboriginal Australians.

The town of [Batchelor](#) adjacent to the Litchfield National Park, provides a range of services such as public pools, libraries, annual art shows and more. Located around an hour from the City of Palmerston it also provides access to an additional range of facilities and services.

West Daly Region with a population of more than 3000 hosts the communities of [Wadeye](#) (Port Keats), [Peppimenarti](#) (Peppi) and [Palumpa](#).

The Tiwi Islands 80km north of Darwin is in the beautiful Arafura Sea. There are two islands, [Bathurst](#) and Melville, with a total land mass of 8320sq km.

Tropical Weather

The Top End has 2 seasons - the dry and the wet

During the dry season Top End residents enjoy sunny days paired with blue skies. With average temps around 32°C days and 20°C nights. The humidity drops to a comfortable 60-65%, making it the perfect conditions for outdoor living

The wet season generally commences around November and ends towards the end of April. Temperatures will reach the mid-30° with the increase in humidity triggering refreshing monsoonal rains combined with spectacular thunder and lightning storms, with a drop in humidity and temperatures.

Transport

Access to [Jabiru](#) town is via two Highways. From Darwin via the Arnhem Highway heading East to Jabiru is approximately 254kms. From Pine Creek, south of Jabiru the Kakadu Highway is approximately 211kms. 2 wheel drive vehicle access is limited to both sealed highways that generally remain open throughout the year. During the Wet season (November to April) flooding associated with heavy rains may have various locational temporary closures.

By road, the [Gunbalanya](#) community is approx 330 km from Darwin. The main road leading to Gunbalanya from Darwin to Cahills Crossing (East Alligator River) is sealed and the road from Cahills Crossing to Gunbalanya is formed gravel. The later part of the road is impassable at times during wet season.

Access to [Maningrida](#) via a sealed road to Cahills Crossing, and a dirt road for a further 250 km (4WD recommended but not essential). During the wet season access is limited, with the road often closed for extended periods. The drive takes approximately seven hours from Darwin. Regular transport is available from [Airlnorth](#) and [Fly Tiwi](#) and the Barefoot Bus (run by [Katherine Coaches](#)) runs a weekly service from Darwin during the dry season.

Transport to [Warruwi](#) is by [Fly Tiwi](#).

Access to Minjilang is available by Air or Barge with [Fly Tiwi](#) providing air transport.

The people

Territorians are friendly and welcoming with a laid back approach to life. Those in the Top End Region are often avid campers, fisherman and explorers of their natural surrounds.

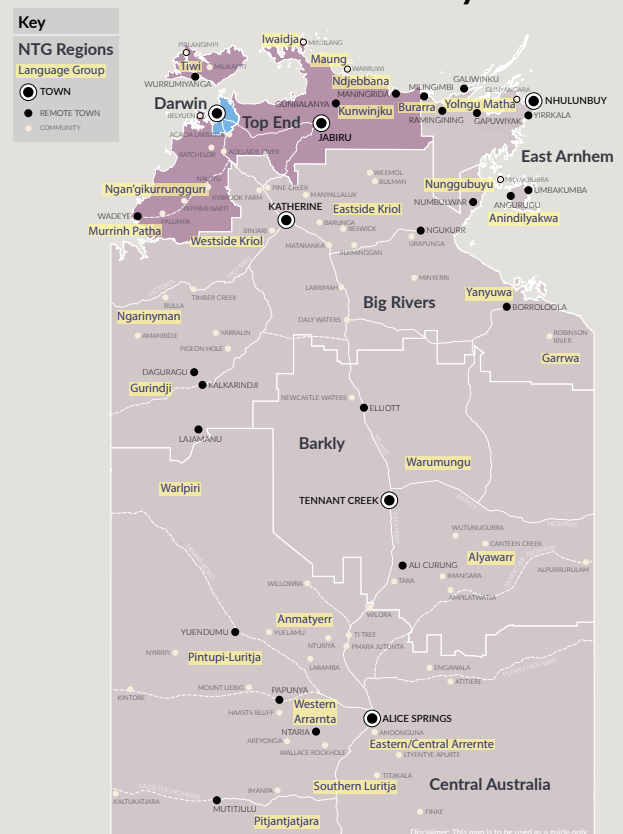

The following local governments provide most of the services and amenities for the region.

- [Coomalie Community Government Council](#)
- [Wagait Shire Council](#)
- [West Arnhem Regional Council](#)
- [Tiwi Islands Regional Council](#)
- [West Daly Regional Council](#)
- [Belyuen Community Government Council](#)

Aboriginal language groups

The term “language group” is used often to describe different groups of Aboriginal people because they themselves identify by their language.

Major Aboriginal languages of the Northern Territory

The West Daly Region can be cut off by rain during the wet season. During this time travel is mainly by air with regular freight services, bi-weekly mail runs to [Peppimenarti](#) and [Palumpa](#) and charters also available with weekly barge services also available for freight.

By road, [Wadeye](#) is located approximately 420 km south west of Darwin. It is accessed along the Daly River Road which is not sealed from the Daly River crossing and can only be accessed during the Dry Season (May to October). [Murin Air](#) provides air transport.

Peppimenarti located approx 320 km south east of Darwin, is accessible by road. It is 120 km west of the Daly River crossing, along the Port Keats road. The access road consists of both sealed (up to Daly River Crossing) and unsealed sections. During the wet season the unsealed section of the road becomes impassable and access is often only by aircraft.

Palumpa by road is 375 km from Darwin on the Port Keats Road between the communities of Peppimenarti and Wadeye. The Palumpa access road is unsealed and approx 140 km from the Daly River Bridge. The community is cut off during the wet season for extended periods. The road between Palumpa and Port Keats, though only 45km away, is also impassable during the wet season.

[Bathurst](#) is accessible by Aerodrome or Bathurst Island Barge Landing.
